

Municipal WiFi:

The goal of TheNet's Municipal WiFi is to provide city wide WiFi-coverage and enable access to our wlan@thenet services in broad parts of cities.

- Bern HotSpot :
We are continuously upgrading our existing network and planning the future rollout in order to give inhabitants and guests an even better gratis and premium surf experience within the city of Bern.
- Public WLAN Concession for the City of Bern:
2011 TheNet was awarded from the City of Bern the unique concession to deploy a Public WLAN infrastructure together with a Gratis Internet service via WLAN within the city of Bern.

Upgrades in 2011:

- Bern HotSpot
- Grächen Alpine HotSpot

Roaming Partners:

Users of wlan@thenet Netzone cards can surf on our Partner-Networks to same conditions as on our wlan@thenet Network.

2011 TheNet established new partnerships with following institutions:

- Haute Ecole Spécialisée de Suisse occidentale / Fachhochschule Westschweiz (HES-SO / Genève)
- Haute Ecole d'Ingénierie et de Gestion du Canton de Vaud (HEIG-VD)
